EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kevin J. Nilsen on December 21, 2004.

The application has been amended as follows:

In the specification, page 4, line 19, after "at 25X" insert --(1a)-- and after "100X" insert --(1b)--.

On page 4, line 25, after "at 25X" insert --(2a)-- and after "100X" insert --(2b)--.

In claim 32, line 1, delete "[[t]]".

In claim 33, line 1, delete "[[t]]".

The following changes to the drawings have been approved by the examiner and agreed upon by applicant: for figure 1, the first photograph has been identified as 1a and the second as 1b. Additionally, for figure 2, the first photograph has been identified as 2a and the second as 2b. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

The following is an examiner's statement of reasons for allowance: the claims as supported by the specification differs from the prior art in that it does not teach a catalytic device that is comprised of a ceramic support of fused ceramic grains and a catalyst in which the surface is defined by a box counting dimension. The smallest box used to determine the box counting dimension is 1 micrometer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to M. Alexandra Elve whose telephone number is 571-272-1173. The examiner can normally be reached on 6:30-3:00 Monday to Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Tom Dunn can be reached on 571-272-1171. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
